

RESOURCE SUPPORT

GRANT TRAINING PROGRAM

Our K award grant training programs offer guidance and feedback when applying for funding. This includes panels with successful awardees and mock study sections. A similar F award program is offered by the Fred Hutch graduate office.

TRAVEL AWARDS

Financial assistance is available to help subsidize or cover the cost of travel to a conference.

COURSE SCHOLARSHIPS

Scholarships are available to trainees who want to take a course that benefits their career goals. Past examples include: scientific writing, coding, Adobe training courses, and statistics courses among others.

BUSINESS CARD PROGRAM

Trainees can have Fred Hutch business cards printed free of charge. Business cards are beneficial during networking events to stay connected with the people you meet.

WE SUPPORT FRED HUTCH

GRADUATE STUDENTS AND

POSTDOCS BY HELPING

THEM ACHIEVE THEIR

CAREER GOALS

SOCIAL EVENTS

MONTHLY COFFEE HOUR

A monthly meeting to discuss upcoming events, learn about resources, and get involved in the Student-Postdoc Advisory Committee.

FIRST-YEAR SUMMER SOCIAL

A summer social for new postdoctoral fellows, medical fellows, and graduate students to socialize, play games, and learn about resources.

POSTDOC-STUDENT APPRECIATION WEEK

A fun-filled week with activities focused on appreciating all of the hard work postdoctoral fellows and graduate students do at Fred Hutch.

HOLIDAY PARTY

An end of the year celebration that includes the announcement of the annual McDougall and Hutchinson Mentoring Awards.

PROFESSIONAL DEVELOPMENT FOR GRADUATE STUDENTS AND POSTDOCS

Provided by the Student-Postdoc Advisory Committee and the Office of Scientific Career Development

CAREER SERVICES

IVORY TOWER QUEST

Ivory Tower Quest supports those who are gearing up to apply for faculty positions. This includes building strong application packets, the interview process, and negotiating a start-up package. We also provide a venue to give practice talks with faculty in attendance.

NEW TO FRED HUTCH

We provide resources to make our trainees' transition to Fred Hutch as smooth as possible:

- A **SURVIVAL GUIDE** serves as a summary of policies, programs, and resources
- A **WEEKLY NEWSLETTER** disseminates professional development opportunities, funding opportunities, and job ads
- An **INTERNATIONAL AMBASSADOR PROGRAM** pairs incoming international trainees with current trainees to ease transition

HOUSING

Fred Hutch is located along South Lake Union, very close to downtown Seattle. Our campus is accessible both by foot and bus from a number of neighborhoods. We encourage trainees to apply to affordable housing programs to secure a fixed rental rate based on salary. See our website for more information.

EXPLORATION PROGRAM FOR INDUSTRY CAREERS (EPIC)

EPIC provides education and networking opportunities to those curious about careers in Industry. In addition to career workshops and events at Fred Hutch, EPIC features site visits to local biotech companies, providing an in-depth look at Industry careers. The program also gives participants opportunities to make connections in Industry, which can help in setting up collaborations and in current and future job searches.

CAREER COUNSELING

We offer the opportunity to receive direct career counseling from our Director of the Office of Scientific Career Development, Dr. Karen Peterson. She has over 20 years of experience advising trainees and students on their career trajectory, as well as being a resource throughout the application process.
